Ernakulam

Skill Development Program
for
Civil, Mechanical & Electrical Engineers

Organised by

The Institution of Engineers (India)
Kerala State Centre, Thiruvananthapuram
for Government Departmental Engineers

Period of Training : 3 Days
(Dates to be announced later)

Time 10:00 am to 5:00 pm

Venue:

The Institution of Engineers (India) Hall
The Institution Engineers (India),
Kerala State Centre

Visvesvaraya Bhavan, Opposite Kanakakunnu Palace,
Thiruvananthapuram 695033

The Institution of Engineers (India)
98 years of Relentless Journey towards
Engineering Advancement for Nation Building

About The Institution of Engineers (India)

The Institution of Engineers (India) or IEI is the largest multidisciplinary professional body that encompasses 15 engineering disciplines and gives engineers a global platform for sharing professional knowledge and interest. IEI has membership strength of more than 0.7 million. Established in 1920, with its headquarters at 8, Gokhale Road, Kolkata 700020, IEI has served the engineering fraternity for over nine decades. In this period of time it has been inextricably linked with the history of modern-day engineering.

IEI was incorporated in 1935 by Royal Charter and remains the only professional body in India to be accorded this honour. Today, its quest for professional excellence has given it a place of pride in almost every prestigious and relevant organizations across the globe. IEI functions among professional engineers, academicians and researchers. It provides a vast array of technical, professional and supporting services to the Government, Industries, Academia and the Engineering fraternity, operating from 105 Centers located across the country. The Institution has established R&D centres at various locations in the country and also provides grant-in-aid to its members to conduct research and development on engineering subjects.

IEI conducts Section A & B Examinations in different Engineering disciplines, the successful completion of which is recognized as equivalent to Degree in appropriate field of Engineering of recognized Universities of India by the Ministry of Human Resources Development, Govt. of India. Every year as many as 90000 candidates appear for these exams. For details, please see: www.ieindia.org

About The Institution of Engineers (India) Kerala State Centre

The Institution of Engineers (India) Kerala State Centre (IEI, KSC) started functioning from 1947 onwards. There are 5 Local Centres of IEI Kerala State Centre, at Kochi, Trichur, Palghat, Kozhikode and Kollam.

The Kerala State Centre conducts technical talks on every Wednesday and it is a unique activity. The Kerala State Centre is located in the heart of the Thiruvananthapuram city for easy access to the Engineers and public. It provides a very good technical Library consisting of various branches of Engineering books and technical periodicals.

AMIE classes and GATE coaching classes are regularly conducted by the Kerala State Centre. The technical workshops, seminars, Technical exhibition, National seminar on various engineering disciplines are also frequently conducted by the Institution.

About Seed Engineering Academy

The concept of SEED Engineering Academy was formed in early - 2010 by our parent organisation SEED Engineering Consultants. The college education at graduate level is normally global in nature with no specialty attached to any specific discipline. Hence there exists a definite gap between the college education & the actual industry demand. SEED Engineering Academy is intended to bridge this gap between the basic college education & the actual building industry related to MEP discipline. With this concept in mind the course structure is formulated by senior professionals from SEED Engineering Consultancy based on their long years of experience.

SEED Engineering Academy is an idea blossomed into reality with the aim to inculcate the budding engineers, architects and technicians with the zeal to conquer the knowledge and understanding which lies in the multifaceted Building Services Industry. We are a team of highly experienced Engineers and Technocrats who have ventured into the field of Design and construction and have witnessed the growth and know-how for many years. We provide our knowledge and skills in design & documentation for the mechanical, electrical, plumbing and other major services essential in buildings. We believe not only in nurturing the young minds to fulfill their dreams for a fruitful career but also enabling them to accomplish it with better

engineering solutions. With our parent company being in prosperous existence for more than 12 years and with the professional expertise of more than 30 years we are here to give our students the best the industry can offer. With a good finishing school guidance from SEED Academy, the students can be confident to enter the building services industry with an assuring and distinct mindset and clarity. For more details visit <http://www.seedacademy.co.in>

Details of the Programme

See Annexure - A attached

Facilitators:

Experts from the Talent Pool of The Institution of Engineers (India) Kerala State Centre and SEED Engineering Academy, Ernakulam.

How to Apply :

The Skill Development Programme is opened to Engineers of all Disciplines (Civil, Mechanical, Electrical and PHE Engineers).

Workshop is open to civil engineering graduates and those who are about to complete have completed the course. Registration can be done by sending duly filled-up form in the prescribed format (attached). Advance registration is necessary for reserving the seats. Forms can be downloaded from the website www.ietvm.org

Course Fee for 3 days :

Rs. 10,000 / - + 18 % GST

Mode of payment :

By Cheque or DD in favour of "The Institution of Engineers (India), Kerala State Centre", payable at Thiruvananthapuram.

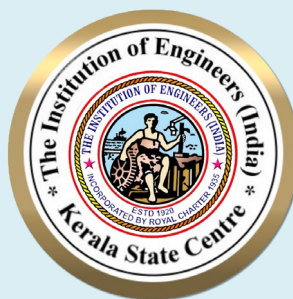

Last Date for Registration : 5th July 2018

Note : For any clarification
